Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 10-15 directed to an apparatus for manufacturing a flosser non-elected without traverse. Accordingly, claims 10-15 have been cancelled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The waxes, polymers, soaps, gums and resin binders referred to by Marcon et al (US 2002/0112737) at paragraph [0038] are understood by this examiner to not inherently include a monomer bond as is required by the present claims. Moreover, the prior art of record fails to reasonably teach the use of a monomer for bonding a whitening compound to a dental flossing tip as is specifically required by the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
